Total Percentage of Spend	96%

Outreach Programs

Doing Business with Maryland Casinos

This outreach program is an opportunity for small, minority, women and veteran owned businesses to learn about the procurement process and services directly from the casinos. This event is held at each casino, and OSBA partners with local chambers and organizations to involve the local business community where the casino is located.

Ready, Set, GROW!

This program series connects vendors with buyers from several state agencies. Each agency will share what they are looking to buy currently, what is in their pipeline, and how to connect with them directly. Participants will gain insights on how our small, minority, women, and veteran procurement programs work and learn strategies for mining public data to help with their business development efforts. In addition, the casino that host the event will participate with other state agencies to connect with small, minority, women and veteran businesses.

Voices of Maryland Campaign

The Maryland Department of Social and Economic Mobility's (DoSEM) work centers on how Maryland supports both small and disadvantaged businesses and social equity initiatives across state government. As we prepare recommendations for the Governor and the General Assembly by July 1, the Secretary has made it his highest priority to spend time in every county and Baltimore City, meeting directly with local businesses and economic development leaders.

Outreach Programs

Secretary Walter Simmons's goal in these conversations is to listen first. Secretary Simmons is interested in understanding the work, local experiences in the Maryland region, and the opportunities and barriers. At DoSEM, we believe that the strongest statewide strategies are shaped by local insight, perspectives and partnerships ensure our work reflects that.
