With the absence of the eLicensing contractor be advised the numbers above are skewed due to MLGCA's inability to accurately depict license statuses for those transfers and rehires in the eLicensing system who have been terminated, resigned or withdrawn from their original casino, manufacturer, contractor or vendor prior to transfer or rehire by another. These transfers have been and are currently being manually tracked and at this time consist of 452 transfers and 60 rehires. Of the 512 transfers and rehires only 257 transfers and rehires have been corrected in the eLicensing system to date.
