Re: Extended Hours of Operation at Ocean Downs.

Dear Mr. LaBoy

With the recent certification of State Ballot Question #7 from the 2012 General Election, Ocean Downs has carefully considered our opportunity for extended hours of operation. Considering the seasonal nature of our location and current time of year, we do not believe our location can sustain full 24/7 operations at this time. We are however cautiously optimistic that limited additional hours are justified. Therefore we are requesting the following;

Beginning on December 27th, 2012 we request the following "SOH - Standard Operating Hours".

- Monday thru Thursday, 8am - 3am
- Friday 8am thru Sunday 3am (Gaming Day), 24 hour operation

In addition The Casino at Ocean Downs is requesting the following additional hours of operation during the NYE holiday.

- Sunday, Dec 30th thru Tuesday, Jan 1st 3am (Gaming Day), 24 hour operation.

We will monitor actual occupancy and revenue generated during these periods to ensure that our operator share exceeds the additional expenses incurred. We may request to add or delete hours based on actual results and the time of year.

Given the seasonal nature of our location, we would also request that the Lottery Commission authorize up to and including full 24/7 operation at our location with approval of Lottery Staff. This will allow us the greatest flexibility in responding to changes in business volume and the seasonality of our location.

Sincerely,

Joseph T. Cavilla
General Manager
Casino at Ocean Downs
