2 **Subtitle 03 GAMING PROVISIONS**

3 **Chapter 10 Video Lottery Facility Minimum Internal Control Standards**

4 **Authority: State Government Article, §§9-1A-02 and 9-1A-04**
5 **Annotated Code of Maryland**

6
7 **.11 Surveillance System Design Standards.**

8 A. – C. (text unchanged)

9 D. A facility operator shall configure its surveillance system to record all areas and transactions
10 enumerated in §C(1)(c) of this regulation **with a resolution of 4 common image format** at a
11 minimum of:

12 **(1) For a standard definition camera, 30 frames per second with a resolution of 4**
13 **common image format; or**

14 **(2) For a high definition camera, 15 frames per second.**

15 E. – L. (text unchanged).

16

For September 14 Commission.

Current regulation only allows for surveillance to use a standard-definition camera that records at 30 frames per second. The proposed amendment would allow a casino to use a higher-definition camera, which has superior live coverage, playback, and video retention to a standard-definition camera.

Revised September 2, 2016
