Attn: Charles LaBoy, Assistant Director of Gaming

Re: Request to Reconfigure the Casino Gaming Floor

Dear Mr. LaBoy,

Horseshoe Baltimore respectfully requests approval to reconfigure the casino gaming floor. Horseshoe Baltimore would like to add up to 30 Table Games while temporarily reducing the Slot count by up to 300 games. The property believes the adjustment to mix will provide incremental revenues from the additional Table Games, with no impact to slot operations.

Pending approval, the project will commence immediately following with an anticipated completion date of March 6, 2015.

Thank you for your kind consideration of this request.

Sincerely,

A handwritten signature in black ink that reads "Tamala Law". The signature is fluid and cursive, with a large loop at the end.

Tamala Law
Regulatory Compliance Officer
Horseshoe Baltimore
