Major incidents at the casinos:

Child Neglect – Maryland Live Casino

On December 31, 2013, Security Guards at Maryland Live discovered a four year old child that was left in a vehicle while her mother was gambling. Investigation revealed that the mother left the child in the car for approximately eight hours. The vehicle windows were covered with blankets or sheets. The mother was arrested by Anna Arundel County Police Department for Child Neglect.

Robbery - Maryland Live Casino

On January 12, 2014, a patron at Maryland Live was robbed at knife point in the parking garage. After a brief struggle the victim gave the suspects his wallet. Two Arrests were made by Anne Arundel County Police Department.

Commission Consent Agenda Item

1. Gaming License Application Denials

There are seventeen (17) gaming licensing applications being recommended for denial based on the applicant's criminal history or failure to cooperate with, or provide requested information to, a background investigator.

Commission Action: Requesting that the Commission adopt as final the recommendation of the Director, or the Director's designee, for denial of the specified gaming license applications for the applicants' failure to establish their qualifications by clear and convincing evidence.

Please see description below, along with the attached spreadsheet.

Gaming License Denials

Commissioners:

The attached spreadsheet contains the names of seventeen (17) gaming license applicants for whom Staff has recommended denial of their applications for gaming licenses for failure to prove by clear and convincing evidence that they meet the statutory requirements for licensure. See State Gov't, section 9-1A-14 [below]. The license applications were recommended for denial after Licensing Division Staff conducted an investigation, and the investigation results were reviewed by a three-member review panel comprised of Gina Smith, Robert Howells and James Butler. The panel also recommended denial of these applicants' license applications, and the Director or his designee concurred.

COMAR sets forth the applicant's rights if their gaming license application is recommended for denial. An applicant has the right to timely request a reconsideration meeting, and, if he or she is dissatisfied with the recommendation following the reconsideration meeting, the applicant may timely request a full hearing before the Commission. If the applicant fails to exercise these rights, the Commission may adopt as final the Director's recommendation to deny the license. Only the Commission - not Staff - is authorized to deny a gaming license, which is why these recommended denials are being presented to the Commission.

All of the applicants identified on the attached spreadsheet were mailed notification of the recommended denial, and of their right to timely request a reconsideration meeting with the Director or the Director's designee. The majority of the recommended denials are applicants who did not exercise that right. A smaller group of the recommended denials are applicants who received a reconsideration meeting and were notified of their right to timely request a full hearing before the Commission, but did not exercise that right.

Staff is requesting that the Commission adopt as final the Director's recommendation to deny the gaming license applications of the seventeen (17) applicants identified on the attached spread sheet.

On the Agency's Shared Drive under Commission files (January) there are PDF files for your review. The PDF files contain documentation for each of the recommended denials, including: notice of recommended denial (which includes the basis for the recommendation and notice of right to request reconsideration meeting); documentation that Staff mailed the required notices; and relevant documents from the background investigation conducted by Staff that supports the recommended denial of the applicant's license application.
